

### PROPOSED TEMPORARY CLOSURE OF SEYMER ROAD, SWANAGE

I have received an application from Pier Head Developments Ltd to close part of SEYMER ROAD, SWANAGE between its junctions with High Street and Encombe Road, a distance of approximately 60 metres. The closure has been requested to provide safe site access and a safe working space for contractors during the construction of the new development site. These works are programmed to commence on Monday 01 October 2018 and continue until Thursday 18 April 2019. The road closure is necessary for safety reasons, as the carriageway will be unavailable to highway users during the development.

Pier Head Developments Ltd will publicise the road closure in a number of ways: they will place information boards on the road in this area to inform the travelling public of the works; they will carry out a letter drop to local residents directly affected by the works; and they will sign a vehicular diversion route using the local road network. The following map shows the extent of the closure (in red) and the diversion route (in blue).

This document is for information only. However, if you have any concerns about this proposal, please contact John Alford (trafficteam@dorsetcc.gov.uk) by Friday 31 August 2018.
